

NORSE DID THE TRICK:

His Mischief Finally Stopped by TWO Hired Detectives.

"The aptitude shown by animals of the lower order in acquiring human habits is marvelous," said a student who lives in the upper part of the city. "I have known of instances where mules would pull gate pins with their teeth or show a lath up with their tongues in order to break into the cornfield. There are but few farmers who have not had occasion to observe the same thing."

"But I have found that horses are more observant than mules. I owned a little bay mare several years ago that caused me considerable trouble, and for more than a month I was very much worried by an unaccountable waste of water on my place. It was before I moved to New Orleans. The water rates of the town where I lived are fearful. I had a hydrant in the back yard. Every few nights the water would be turned on in some mysterious way, and the yard would simply be flooded the next morning. Failing to discover the cause of the trouble before the end of the month, when my water bill had doubled, I notified the police, believing that some malicious person was attempting to satisfy some grudge against me."

"The chief stationed two men at my place to watch the hydrant. They concealed themselves, and along about midnight they heard a squeaking sound at the hydrant, and in a few minutes the water was spluttering out at a fearful rate. They made a rush for the place, thinking to capture the culprit, but when they got there they found my little bay mare, with her head stuck down in the flow from the hydrant. She was drinking and dabbling in the water and seemed to be having a good time generally. They reported the matter to me, and I had no more trouble about my hydrant." —New Orleans Times-Democrat.

His Aim in Life.

People bother little boys so! All the tourists to his island home used to ask this one, "What are you going to be, boy; what are you going to be?" and the boy had patiently replied at every interruption of his important undertakings, "I am going to be a sailor and climb the masts."

Last summer he took an ocean voyage and was very sick, and the third day his father asked, "What are you going to be, boy; what are you going to be?"

"I am not going to be a sailor and climb the masts," he replied. "I am going to be a soldier and shoot cannon."

A big uncle took the boy to see a famous cyclorama, where the smoke and carnage and realistic dead bodies in the foreground shattered another of his ambitions. To the teasing question, "What are you going to be, boy; what are you going to be?" came the answer in a burst of confidence:

"I am not going to be a sailor and climb the masts. I am not going to be a soldier and shoot cannon. I am going to be a bachelor and marry mamma!" —Youth's Companion.

Astounded The Editor.

Editor S. A. Brown, of Bennettsville, S. C., was once immensely surprised. "Through long suffering from dyspepsia," he writes, "my wife was greatly run down. She had no strength or vigor and suffered great distress from her stomach, but she tried Electric Bitters which helped her at once, and, after using four bottles, she is entirely well, can eat anything. It's a grand tonic, and its gentle laxative qualities are splendid for torpid liver." For indigestion, loss of appetite, stomach and liver troubles it's a positive guaranteed cure. Only 50c at Blencowes drug store.

Don't be satisfied with temporary relief from indigestion. Kodol Dyspepsia Cure permanently and completely removes this complaint. It relieves permanently because it allows the tired stomach perfect rest. Dieting won't rest the stomach. Nature receives supplies from the food we eat. The sensible way to help the stomach is to use Kodol Dyspepsia Cure, which digests what you eat and can't help but do you good. J. C. Avis.

What A Tale It Tells.

If that mirror of yours shows a wretched, sallow complexion, a jaundiced look, moth patches and blotches on the skin, it's liver trouble but Dr. King's New Life Pills regulate the liver, purify the blood, give clear skin, rosy cheeks, rich complexion. Only 25c at C. Blencowes drug store.

P. T. Thomas, Sumterville, Ala., "I was suffering from dyspepsia when I commenced taking Kodol Dyspepsia Cure. I took several bottles and can digest anything." Kodol Dyspepsia Cure is the only preparation containing all the natural digestive fluids. It gives weak stomachs entire rest, restoring their natural condition. J. C. Avis.

To Save Her Child.

From frightful disfigurement Mrs. Nannie Galleger, of LaGrange, Ga., applied Bucklen's Arnica Salve to great sores on her head and face, and writes its quick cure exceeded all her hopes. It works wonders in sores, bruises, skin eruptions, cuts, burns, scalds and piles. 25c. Cure guaranteed by C. Blencowes druggist.

O. O. Buck, Beirne, Ark., says: "I was troubled with constipation until I bought DeWitt's Little Early Risers. Since then have been entirely cured of my old complaint. I recommend them. J. C. Avis."

"We were unable to cure him with the doctor's assistance, and as a last resort we tried Chamberlain's Colic, Cholera and Diarrhoea Remedy. I am happy to say it gave immediate relief and a complete cure. For sale by Dr. J. C. Avis, druggist."

Mrs. S. H. Alport, Johnstown, Pa., says: "Our little girl almost strangled to death with croup. The doctors said she couldn't live but she was instantly relieved by One Minute Cough. J. C. Avis."

CLARKE COUNTY, VA.,

Lies at the head of the noted Shenandoah Valley, and borders on the north on the West Va. line. The Blue Ridge mountains form its eastern boundary, dividing it from Loudoun and Fauquier counties. Warren county is on the south and Frederick on the west. The Shenandoah river flows through the eastern part of the county, at the foot of the Blue Ridge.

In aggregate agricultural wealth Clarke county is probably the richest county in the State. The exhaustless fertility of her soil, the healthfulness of her climate, and the ever visited this county. The surface of the main part of the county, lying between the Shenandoah and the Potomac rivers, is gently undulating—just sufficiently for drainage. The soil is peculiarly adapted to the growth of wheat and corn, clover and timothy. Blue grass is indigenous and soon forms, on uncultivated fields, a sod equal to the far-famed fields of Kentucky. It belongs to the limestone formation—the limestone being readily obtained on almost every farm for building purposes and for burning into lime. Besides wheat, corn and hay, which are the chief productions and for which a ready market is found in Baltimore, 120 miles distant by rail, all kinds of fruits in this latitude are grown, and apples are produced on some farms in large quantities. Large numbers of cattle, sheep and hogs are grazed and fed, and sold in Baltimore, Philadelphia and New York markets, and many fine horses sold to city buyers.

Good roads traverse the county in every direction, and four macadamized turnpikes centre at Berryville, the county-seat, which contains a population of about 1000. There are eight churches in the town, and good private and public schools—school houses supported by county and State being located at convenient points all over the county. Taxation at a cash valuation of property is about \$1 on the \$100 for all purposes—State, county, schools and roads.

The Norfolk and Western Railroad, a road managed with a view of building up the country through which it passes, extends through the centre of the county in its northern and southern course, affording ready means for travel or shipments of products either north or south. Besides this railroad, we are looking hopefully for the extension of the Washington Ohio and Western from Round Hill, its present terminus—
